## SPSO Public Relations Costs: 2022-23

The Public Services Reform (Scotland) Act 2010 (the Act) requires SPSO to publish information on expenditure in relation to our public relations costs.

The statement of expenditure on public relations reports the total amount of expenditure on all external communications during the financial year 2022/23 relating to the services which SPSO provides.

Area of Expense	Description	Total
Website	Website and associated fees	£12,940.80
Electronic communications	Email Marketing Software	£1,897.39
	Electronic surveys	
Copyright	Support in minimising risk of breaching copyright	£3,019.66
Design fees and printing costs	Design of leaflets and published reports and associated printing costs	£7,531.00
Outreach activities	Conferences, seminars and external events	£5,083.20
Providing an accessible service	Translation and interpretation service	£4,528.04
Media analysis	Provision of media analysis service	£3,830.40

The headings in the above table are those provided as guidance by the Scottish Government.

SPSO's public relations costs are largely borne by the Improvement Standards and engagements functions of the business, which includes our communications team. The proportion of time spent on public relations is as follows:

- 10% Head of ISE (1 FTE Band 5)
- 70% Communications and Engagement Manager (1 FTE Band 4)
- 70% Communications and Engagement Officers (1 FTE Band 2)
- 50% Communications Assistant (0.5 FTE Band 1)

This PR expenditure was incurred in the delivery of SPSO's statutory duties to publish an annual report, and to ensure that all SPSO's communications with all service users meet the standards of being clear, accessible and timely. We have not include the outreach activities of Complaints Standards Authority, Learning, Improving and Training. These activities are not specifically in respect of public relations, rather they are designed to help external organisations improve their services.
