

SPSO decision report

Case: 201003970, Aberdeenshire Council
Sector: local government
Subject: handling of application (complaints by opponents)
Outcome: not upheld, no recommendations

Summary

Mr C complained about the council's handling of an outline planning application for a crematorium. Mr C disagreed with the decision and maintained that the council had not taken his representations against the application into account.

He also complained that the environmental issues in relation to the crematorium had not been properly considered and was aggrieved that the council's Transportation and Infrastructure Service had altered their position on the width of the carriageway.

Our investigation did not find any fault on the part of the council in processing the application.
