

SPSO decision report

Case: 201407197, Aberdeen City Council
Sector: local government
Subject: burial grounds/crematoria
Outcome: not upheld, no recommendations

Summary

Ms C complained that the council had removed items from her husband's grave. We found that the council had acted in line with the relevant policy (management rules for burials and cemeteries) and made reasonable efforts to inform Ms C in advance of the action. For this reason, we did not uphold Ms C's complaint.
