

SPSO decision report

Case: 201804105, North Lanarkshire Council
Sector: local government
Subject: primary school
Decision: not upheld, no recommendations

Summary

Mr C complained that the council did not reasonably respond to reports of bullying against his child (Child A).

We found that the school had appropriately followed both their own, and the council's anti-bullying policy in approaching the issues raised by Mr C. Therefore, we did not uphold the complaint.
